

One in three  
Americans is aged  
50 or older.

**Is your  
community  
livable for people  
of all ages?**

## **Livable Communities of Oneida County**

A livable community is one that is safe and secure. It offers choices in where to live and how to get around. And it equitably serves residents of all ages, ability levels, incomes, races, ethnicities, sexual orientations, gender identities, and other backgrounds (AARP.org).

### **Our goal**

To address the needs and benefits of a growing aging population and promote programs and policies that enable residents of all ages and abilities to lead healthy, active, and engaged lives.

### **Who we are**

Livable Communities of Oneida County is an initiative of **Oneida County**, the **Community Foundation of Herkimer and Oneida Counties**, and **50 Forward Mohawk Valley**. We collaborate with community partners and programs throughout the county.

**Oneida County, NY, is a recognized member of the AARP Network of Age-Friendly States and Communities, an independent affiliate of the World Health Organization Network of Age-Friendly Cities and Communities. New York was the first state to be designated as an Age-Friendly State by AARP, and Oneida County is one of five counties designated as an Age-Friendly Center of Excellence in New York.**
